Dear Mr. Filip:

The additional information for your annual summarized report of the results of MIL-PRF-55110 testing has been received. The data is acceptable for the retention of qualification for the types listed below; therefore, the listing of your products is continued on the Qualified Products List QPL-55110 as shown below.

Plant Location: SAME AS ABOVE.

NEXT RETENTION REPORTING PERIOD	MATERIAL AND CLASSIFICATION	QPL TEST REFERENCE EXPIRATION DATE (MM/DD/YY)
June 1st	Type 3, GF material	55110-2434-040411*#
May 31st	Type 3, GI material	55110-061753-083109*

\* Denotes etchback approval; # Denotes foil lamination approval

Please review and authenticate your next report with your Government Quality Assurance Representative (QAR) and submit your next report to this Center by July 31, 2009 or loss of qualification may result. The retention report shall consist of a monthly group A summary and group B raw data. These qualifications are valid through the expiration dates shown in the above table, provided that all requirements are met. **NOTE: Your qualification for type 3GI expires on August 31, 2009.**

The manufacturer shall re-qualify on or before this date to secure continued qualification. A stop shipment/stop production is effective on the expiration date unless approval is granted by DSCC-VQE to complete existing contracts. Manufacturers are required to inform this office immediately if a failure occurs during group B testing or if they discontinue production of these products, or prior to issuance of a GIDEP Alert and/or Problem Advisory on their QPL products.

Sincerely,

RAYMOND L KOLONCHUK
